✏ WORK EXPERIENCE

Nov 2022 - Present

Senior User Experience Designer
Ernst & Young, Bangalore

Designed a product application for a renowned American retail company to help their contractors **track tasks** and efficiently manage them. Led the entire app experience from scratch, conducted primary workshops with users, and established a **design system** from the ground up.

Conducted outside in analysis for several renowned companies to identify opportunities for enhancing their overall customer experience and provided them with **actionable insights**.

Mar 2021 - Nov 2022

User Experience Designer
Designit, Wipro

Worked on designing end-to-end digital and **immersive experience for travellers** which is fully automated at its core. It is also **recognised by Wipro CEO** as an exemplar of technical bids getting accentuated by awesome storytelling and aesthetic prowess.

Worked on a **detailed research and design project** to enable **strong digital and physical engagement models** for a Bangalore museum, with the aim of cementing it as a hub for arts and culture for Indians, globally.

Sep 2020 - Feb 2021

User Experience Designer
Capgemini

Worked on an international bank to design their internal UX validation and data testing tool.

Jan 2020 - May 2020

User Experience Design Intern
Mindtree, Bangalore

Worked on retail marketing portal to visualise

data and enhance strategic decision making for customers.

Designing an instruction car manual that takes an online user guide to the next level by providing instructions in realistic and interactive manner.

May 2019 - Jul 2019

Summer Internship
Mindtree, Bangalore

An **award winning proposal** to design a visualiser application for the internationally available brand of architectural paints.

Aug 2017 - Jun 2018

Architect
Mamta Shah and Associates

Worked on designing the Bharuch central bus terminal comprising of several commercial complexes and amenities like movie theatre Hotel, and Banquets.
